DIEMAND AI
AI FOR SMEs

Strategy / Processes / Digitalisation

More time for what moves your business forward.

Use AI where it matters. Free up time, reach new customers and make room for growth.

Free up capacity. Invest in growth.

Running a business keeps you busy. At the same time, AI is changing your markets, customers and competition. Together we identify opportunities for your business and turn them into practical solutions.

Free up time

What slows you down every day?

We identify recurring tasks worth digitising, freeing up time for leadership, customers and strategy.

Reach new customers

Where could you grow next?

We assess your digital offer and visibility, then show you how to reach new customer groups and markets.

Make room for growth

Is your business ready?

We review your organisation, processes, team and capacity to deliver, so new demand can turn into sustainable growth.

AI Assessment Plus

A clear view of your opportunities.

CHF 3’500.– excl. VAT

What you get

- ✓ Assessment of your situation and challenges
- ✓ Practical opportunities for AI and digitalisation
- ✓ Priorities based on business value
- ✓ A concrete implementation plan

Optional next steps **Pilot projects / Ongoing support / Keynotes**

Pascal Diemand

One business owner to another.

I know first-hand what it takes to lead teams, manage costs and open new markets. My experience includes Kimberly-Clark, ROTOFLEX and Frischfleisch AG.

What you gain

- ✓ Built for business owners
- ✓ Practical and actionable
- ✓ Focused on business value
- ✓ Advice on equal terms

Let’s talk about your opportunities.
